problem behaviour, structure, analysis, 151
HIV
AIDS, research, review, young people, 327
prevention programmes, application of analytical framework, drug users, 5
Injury control
behaviour modification interventions, 125
Insitutionalization
challenges, women-in/development, 81
Jedi jedi
Yoruba cultural disease, management of diarrhoea, 337
Law
mandatory, characteristics, seat belt use/non use, 161
Low income
Nutrition education, minorities, Blacks, Hispanics, 527
Mass media
food risk, communication, nutrition, 535
use, health promotion, translating, research, practice, 73
Motorcycle safety
promotion of, training, education, awareness, 257
Nutrition
cancer prevention and control, publich health services, chronic disease, 545
sugar consumption, role playing, group dynamics, 451
Nutrition attitudes
benefits, barriers, audience segmentation, psychographics, 479
Nutrition education
attitudes, norms, diet intervention, 467
community organizations, nutrition intervention, health promotion, 459
decision theory, fibre consumption, 409
low income, minorities, Blacks, Hispanics, 527
policy, government, public health policy, 517
Nutrition intervention
community organizations, health promotion, nutrition education, 459

Prevention
child pedestrian accidents, 265
Problem behaviour
high school students, structure, analysis, 151
Programme
cardiovascular risk reduction, process, evaluation, 87
dietary sodium intake, reduction, 343
Programmes
AIDS, trials, abstinence, protection, 309
Public education
programme, seat belt use, incentives, enforcement, 217
Public health campaigns
diet, cancer prevention, community intervention, 489
Public health policy
government, policy, nutrition education, 517
Publicity
AIDS, review, Scotland, 17
Rheumatoid arthritis
social comparison processes, 361
Risky driving
age differences, drinking - driving, aggressive driving, 139
Road safety
health behaviour, research, intervention, 281
Road safety education
seat belt, employer programme, behaviour change, feedback, 197
Safety programme
increase drivers yielding to pedestrians, 275
Seat belt use
health risk appraisal programmes, 207
incentives, enforcement programme, public education, 217
non use, characteristics, mandatory law, 161
Seat belt
employer programme, road safety education, behaviour change, feedback, 197
non-use, relationship to personality lifestyle driving record, 175
Seat belts
increase children's use of, education, 187
Self-efficacy
eating behaviour, weight control, 395
Smoking
unaided, cessation, analysis, 63
Sodium intake
dietary, reduction, programme, 343
Sugar consumption
nutrition, role playing, group dynamics, 451
Third World
HEALTHCOM, communication, health, methodology, 99
Traffic safety
categorize, determinants of, 111
Welsh heart health survey
non-response bias assessment, 381
